

Конфигурация dial-up соединения

Для того чтобы успешно провести подключение к сети Интернет, просим Вас следовать по нижеуказанным инструкциям:

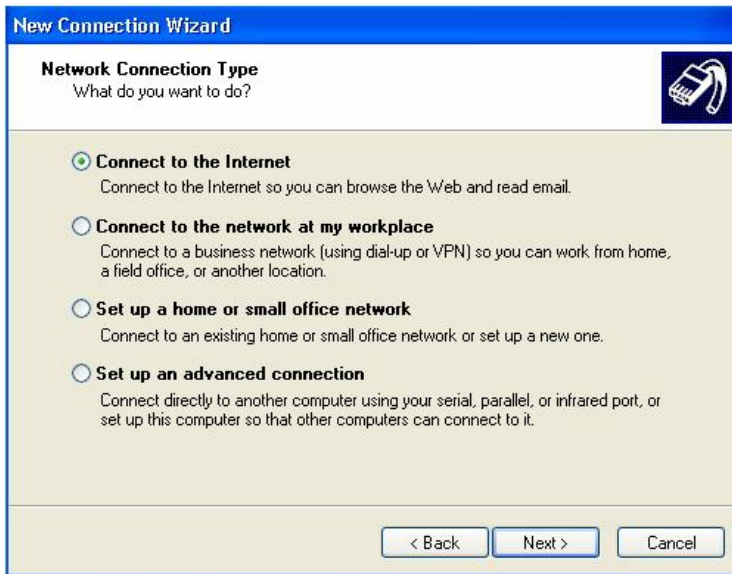

1. Нажмите **Start/Settings/Network Connection** или **Start/Programs/Accessories/Communications/Network Connections**.
2. В поле меню, выберите **File/Create a new connection**.

Появится окно **New Connection Wizard**. Нажмите **NEXT**.

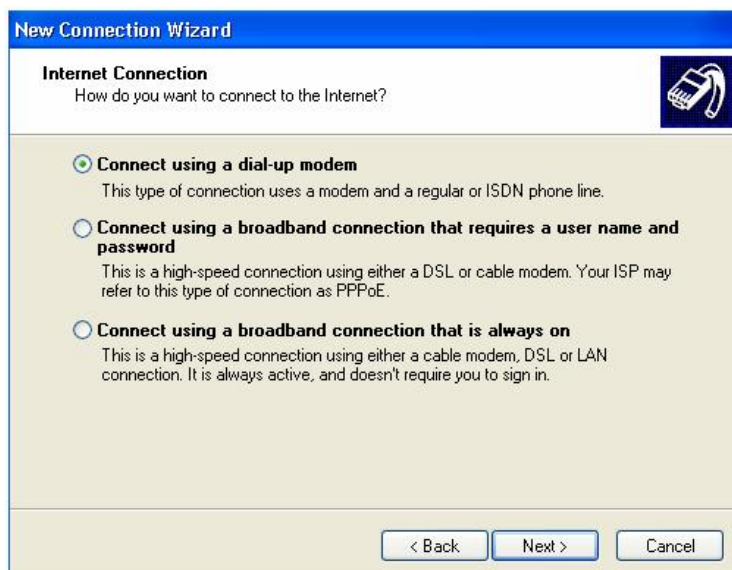

3. Выберите опцию **Connect to the Internet** и нажмите **NEXT**.

4. Выберите **Set up my connection manually** и нажмите **NEXT**.

5. Выберите **Connect using a dial-up modem** и нажмите **NEXT**.

6. Введите название подключения (например: Moldtelecom) и нажмите **NEXT**.

The screenshot shows the 'New Connection Wizard' dialog box. The title bar reads 'New Connection Wizard'. The main heading is 'Connection Name' with a sub-question: 'What is the name of the service that provides your Internet connection?'. Below this, there is a text box labeled 'ISP Name' containing the text 'Moldtelecom'. A note below the text box states: 'The name you type here will be the name of the connection you are creating.' At the bottom right, there are three buttons: '< Back', 'Next >', and 'Cancel'.

7. Введите номер доступа **01900** и нажмите **Next**.

The screenshot shows the 'New Connection Wizard' dialog box. The title bar reads 'New Connection Wizard'. The main heading is 'Phone Number to Dial' with a sub-question: 'What is your ISP's phone number?'. Below this, there is a text box labeled 'Phone number:' containing the text '01900'. A note below the text box states: 'You might need to include a "1" or the area code, or both. If you are not sure you need the extra numbers, dial the phone number on your telephone. If you hear a modem sound, the number dialed is correct.' At the bottom right, there are three buttons: '< Back', 'Next >', and 'Cancel'.

8. Выберите **Anyone's use** – соединение доступно для всех пользователей.

9. Заполните поля для создания новой учетной записи (**Internet Account**), затем нажмите **NEXT**.

User name: **Internet**
Password: **Total**
Confirm password: **Total**

The screenshot shows the 'New Connection Wizard' dialog box with the title bar 'New Connection Wizard'. The main heading is 'Internet Account Information' with a sub-heading 'You will need an account name and password to sign in to your Internet account.' and a small icon of a computer mouse. Below this, there is a paragraph: 'Type an ISP account name and password, then write down this information and store it in a safe place. (If you have forgotten an existing account name or password, contact your ISP.)' There are three input fields: 'User name:' containing 'Internet', 'Password:' containing six dots, and 'Confirm password:' containing six dots. Below the fields are two checked checkboxes: 'Use this account name and password when anyone connects to the Internet from this computer' and 'Make this the default Internet connection'. At the bottom right are three buttons: '< Back', 'Next >', and 'Cancel'.

10. Следующее окно сообщит об успешной настройке соединения. Выберите опцию **Add a shortcut to my desktop** – для того чтобы поместить ярлык на рабочий стол. Нажмите **Finish**.

The screenshot shows the 'New Connection Wizard' dialog box with the title bar 'New Connection Wizard'. The main heading is 'Completing the New Connection Wizard' with a sub-heading 'You have successfully completed the steps needed to create the following connection:' and a small icon of a computer mouse. Below this, there is a bold heading 'Moldtelecom' followed by a bulleted list: 'Make this the default connection', 'Share with all users of this computer', and 'Use the same user name & password for everyone'. There is a paragraph: 'The connection will be saved in the Network Connections folder.' Below this is a checked checkbox: 'Add a shortcut to this connection to my desktop'. At the bottom, there is a paragraph: 'To create the connection and close this wizard, click Finish.' At the bottom right are three buttons: '< Back', 'Finish', and 'Cancel'.

Подключение к сети Internet

Нажмите на значке созданного dial-up соединения (в нашем случае значок Moldtelecom, которое размещено на Рабочем столе).

Нажмите **Dial** – в данный момент установится соединение к сети Интернет

Для того чтобы отключиться от сети Интернет – двойным кликом нажмите по значку и выберите **Disconnect**.
